Professional Summary

Diligent and enthusiastic web developer with a strong foundation in HTML, CSS, and JavaScript. Eager to contribute creativity and problem-solving skills to develop responsive and user-friendly websites. Quick learner, dedicated to staying up-to-date with the latest industry trends and technologies.

Education

BTECH

Sri Venkateswara College Of Engineering and Technology   Jun / 2019 – May / 2023   Chittoor

Board Of Intermediate Education

Narayana Junior College   Mar / 2017 – Apr / 2019   Kurnool

SSC

Bhashyam High School   From – 2017   Adoni

Skills

Java	SQL	HTML	CSS

Python	Java Script

Projects

Online Leave Management System   From – To
Chittoor

In This Project, Leave Management System is to develop a web based application using which management of leave application and approval is done online. Faculty member of the institute can apply for leave and adjust their load directly from this application. Manager of their respective department can grant the leave application.

Projects

Machine Learning Algorithm for Brain Stroke Detection
Chittoor

From - To

A machine learning algorithm for brain stroke detection is a computer program that can analyze medical data and identify signs of a stroke in the brain.
By training on large datasets of brain images and associated stroke cases, the algorithm learns to recognize patterns and make accurate predictions.
Its purpose is to assist healthcare professionals in diagnosing strokes quickly and accurately, enabling prompt medical intervention for better patient outcomes.

Achievements

• **Got Prize in Quiz Contest Conducted by Sri Venkateshwara College of Engineering and Technology.**

• **Participated In Seminar in Industry Expectation from Young Engineers Conducted by Sri Venkateshwara College of Engineering and Technology**

Training/Courses

• Introduction to Data Science in Python

• Problem Solving Using Computational Thinking

• 3d Interaction Using Virtual Design

Interests

Internet on knowing new things

Listening music

Traveling

Languages

Telugu
Native

English
Fluent

Kanada
Intermediate

Additional Skills

Proficient in Microsoft Office suite (Excel, Power Point, Word, Outlook)

Excellent communication (written and oral) and interpersonal skills

Hard Working

Complex problem solver
